

REMUNERATION REPORT

REMUNERATION OF DIRECTORS

Introduction

It is worth highlighting that the main financial results in 2020 that could influence the Group Remuneration were:

- (a) Net Financial Debt being EUR 122.2 million (EUR 239.6 million in 2019).
- (b) EBIT at EUR 157.2 million (EUR 151.7 million 2019).

During the year, the Board of Directors was renewed with its current composition by the Shareholders' Meeting of 20 April 2020, for a three-year term, reducing the number of members from 13 to 9. Subsequently, by resolution of 24 April 2020, the Board set up the Board Committees, appointing their members and respective chairmen.

The Remuneration Policy has not undergone any changes compared to the previous year.

This Section (hereinafter the "**Remuneration Report**") defines the principles and guidelines with which Cementir Holding N.V. (hereinafter "**Cementir Holding**" or "**Company**") determines and monitors its own remuneration policy and implements it with reference to the Executive and Non-Executive Directors (hereinafter jointly referred to as "**Directors**" in this Remuneration Report).

In this Remuneration Report, Cementir Holding intends to strengthen the transparency of the contents of its remuneration policies and their implementation, allowing investors to obtain information on remuneration, including variable remuneration, and enabling them to make a more accurate assessment of the Company, thereby enabling shareholders to act in an informed manner when exercising their rights.

The Remuneration Report consists of the following sections:

- **Section I**, illustrating the policy of Cementir Holding N.V. with regard to the remuneration of the Executive and Non-Executive Directors for the year 2021, as well as the procedures used to adopt and implement the policy.
- **Section II**, which indicates the amounts paid during 2020 to the Directors, providing a representation of each pay component.

The Remuneration Report is drafted pursuant to Art. 2: 135, 2: 135a and 2: 135b of the Dutch Civil Code (hereinafter "**DCC**") and Chapter 3 of the Dutch Corporate Governance Code (hereinafter the "**Code**"). It was approved by the Board of Directors on the proposal of the Remuneration and Nomination Committee (hereinafter also the "**Committee**" in this Remuneration Report) at the meeting of 9 March 2021. Section I is to be submitted to the approval of the Shareholders' Meeting called on 21 April 2021. Section II is to be submitted to the advisory vote of the Shareholders' Meeting called on 21 April 2021.

The Remuneration Report is made available on the Company's website (www.cementirholding.com) after the Shareholders' Meeting and will be accessible for 10 (ten) years, in compliance to the procedures and within the terms prescribed by current regulations.

SECTION I - REMUNERATION POLICY 2021

This section describes, in a comprehensive manner, the principles and guidelines with which Cementir Holding determines and monitors the remuneration policy and its implementation within the Company (hereinafter the “**Remuneration Policy**” or the “**Policy**”).

The Remuneration Policy has the main purpose of summarising the remuneration policies applied within the Group and ensuring a fair and sustainable remuneration system, in line with the long-term corporate strategies and objectives, with regulations and with Stakeholders’ expectations. The Policy is also intended to attract and retain members of staff with the professional qualities needed to manage and operate successfully in an international environment characterised by competitiveness and complexity and is also designed to recognise and reward good performance.

Cementir Holding intends to adopt a competitive remuneration system that better guarantees compliance with the delicate balance between strategic objectives and the recognition of the merits of Group employees. By utilising short and medium/long-term variable pay components, the Policy is designed to facilitate the alignment of staff interests with the pursuit of the priority objective - creation of value - and the fulfilment of financial targets. This objective is pursued also by linking a significant part of remuneration to the achievement of set performance targets, by means of both the short-term incentive scheme (STI) and the long-term incentive scheme (LTI). The LTI is applied to certain selected employees only.

The Remuneration Policy is made available on the Company’s website (www.cementirholding.com) upon approval by the Shareholders’ Meeting and during the period of its applicability in compliance to Art. 2:135a paragraph 7 DCC.

1.1 DEFINITION AND APPROVAL OF THE REMUNERATION POLICY

Parties involved in the Remuneration Policy

The definition of the Remuneration Policy is the result of a clear and transparent process in which the Company’s Remuneration and Nomination Committee and Board of Directors play a central role.

The Policy is submitted for the approval of the General Shareholders’ Meeting by the Board of Directors on the recommendation of the Remuneration and Nomination Committee. The Policy is deemed approved with the favourable vote of at least $\frac{3}{4}$ of the votes cast at the Shareholders’ Meeting. In case the Policy is not approved by the Shareholders’ Meeting, the Company applies the existing policy and submits to the approval of next Shareholders’ Meeting a revised policy.

The bodies and parties involved in the remuneration policies approval process are listed below, along with a precise indication of their roles in the process:

The Company's HR Department is involved in defining and approving the proposals for the remuneration plan of the Company's personnel, monitoring and checking that those proposals are fully implemented with the aim of collecting market data in terms of practice, policies and benchmarking and if necessary, resorting to advice from independent experts.

Composition and activities of the Remuneration and Nomination Committee

As of the date of approval of this Report, the Remuneration and Nomination Committee is made up of three Non-Executive Directors, all independent, appointed by the Board of Directors at the meeting of 24 April 2020:

The Remuneration and Nomination Committee meets during each financial year according to a calendar scheduled at the beginning of such year and any time it may deem appropriate, upon notice issued by the Chairman of the Committee so as to ensure the correct execution of its tasks. No Executive Director shall participate to any Committee meeting in which are made proposals related to their remuneration.

Meetings of the Remuneration and Nomination Committee are attended - when deemed appropriate and at the invitation of the Committee - by Company's management (General Counsel, Chief Financial Officer and Chief Human Resources Officer).

Annually, when the financial statements are approved, the Remuneration and Nomination Committee reports to the Board in relation to its work.

In 2020, the Remuneration and Nomination Committee met on 4 March and 11 May. During these meetings, the Committee examined and discussed the remuneration policy and the report on remuneration drawn up in accordance with Art. 2:135a of the DCC and principle 3.1 and following of the Code, and the report concerning the activity carried out by the Committee in 2019, drawn up in accordance with principle 2.3.5 of the Code; the Remuneration and Nomination Committee also discussed the Board Profile and the valuation document prepared pursuant to principle 2.2.5 of the Code. The Remuneration and Nomination Committee also examined the Group's human rights policy and the 2020 - 2024 Long-Term Incentive Plan.

Independent experts who contributed to preparing the Remuneration Policy

As mentioned in the previous year's Report, in 2020, the Company took advantage of the advice of the independent expert Korn Ferry - Haygroup to conduct international benchmark analyses and to align the Remuneration Policy with peers and market best practices.

1.2 CONTENT OF THE REMUNERATION POLICY

1.2.1 Content of the Remuneration Policy and main changes compared to 2020

The Policy determines the principles and guidelines adopted by the Board in order to define the remuneration of its members and in particular of Executive and Non-Executive Directors as well as members of the Committees. It provides detailed information designed to ensure stakeholders receive more information about pay policies, practices adopted and results obtained, and shows that the policies are consistent with the business strategy and company performance.

Cementir Holding pursues a Remuneration Policy aimed at motivating, attracting and retaining people who, thanks to their professional skills and personal ability to apply those skills in fulfilling business objectives, are able to build value for the Company's Stakeholders.

The principles applied in defining the Policy are intended to ensure that Cementir Holding is appropriately competitive in its sector and international markets, on three main fronts:

- promotion of merit and performance to reward actions and behaviours that reflect the values of the Company, the principles of the code of ethics and the strategic objectives;
- External competitiveness and internal fairness to make sure that pay packages are in line with best practices, and to ensure that they are consistent with the complexity and responsibilities of the role;
- Align the interests of Management with those of the Shareholders and with the medium and long-term strategies of the Company.

The Policy has the primary objective of creating sustainable value over the medium to long-term by creating a strong bond between individual performance and the Group on the one hand, and remuneration on the other.

The 2021 Remuneration Policy does not envisage substantial changes compared to that approved in 2020, confirming the simplification and standardisation of the overall structure of the short-term variable incentive system, thanks mainly to the digitalisation of the process, which will take place through an online definition and subsequent assessment platform.

It also maintains and confirms the medium and long-term incentive system applied in previous years.

1.2.2 Description of fixed and variable pay components with particular regard to their weightings within the overall remuneration, and distinguishing between the short and medium and long-term variable components

The remuneration of Directors has been defined as follows, with reference to the fixed and variable components:

Remuneration of the Board of Directors

The Remuneration Policy for the Board of Directors set by the Shareholders' Meeting comprises the following elements:

- A. compensation of Directors for the office and for attendance at Board meetings;
- B. compensation for the Executive Director (who also holds the position of CEO) for the performance of executive functions, powers and responsibilities;
- C. remuneration of Non-Executive Directors, members of the Audit Committee and of the Remuneration and Nomination Committee and of the Chairmen of these Committees.

Remuneration of Directors

The remuneration to be paid to Directors (see letter A) shall be in the form of an allowance for attendance at each Board of Directors' meeting, and of a fixed annual payment for the office of Director, payable to each Director (both Executive and Non-Executive Directors) and established, in accordance with the provisions of the law, by the Shareholders' Meeting.

The current annual remuneration for all Directors is:

- a fixed annual allowance of EUR 5,000.00;
- an attendance fee of EUR 1,000.00 for each Board meeting they attend.

The same is confirmed as policy for 2021.

Remuneration of Directors tasked with specific duties

The compensation to be paid to Directors tasked with specific duties (letters B and C above) is quantified, at the proposal of the Remuneration and Nomination Committee, by the Board of Directors, taking into account the work actually required of each of them and any powers vested in addition to the compensation due to all Directors.

The following Directors have specific duties within the Board of Directors of the Company:

- (a) the Chairman of the Board of Directors;

- (b) the CEO;
- (c) the Directors who participate in the Board Committees (Audit Committee and Remuneration and Nomination Committee).

The Directors (i) called upon to be members of the Remuneration and Nomination Committee and of the Audit Committee and (ii) appointed as Chairman of such Committees, shall receive an additional fixed compensation, commensurate with the work required from each of them in the performance of their aforesaid duties.

Remuneration of the Chairman and CEO

The annual gross remuneration of the Chairman of the Board of Directors and the CEO generally includes the following elements:

- a fixed component;
- a variable component determined according to the Group's performance and tied to predetermined, measurable parameters connected to the creation of shareholder value in a medium/long-term time span.

In determining the remuneration of the Chairman and CEO, the Board of Directors takes into account (i) the specific content of the vested powers and/or (ii) the functions and the role actually served within the Company, thereby assuring that the provision of a possible variable component is consistent with the nature of assigned duties.

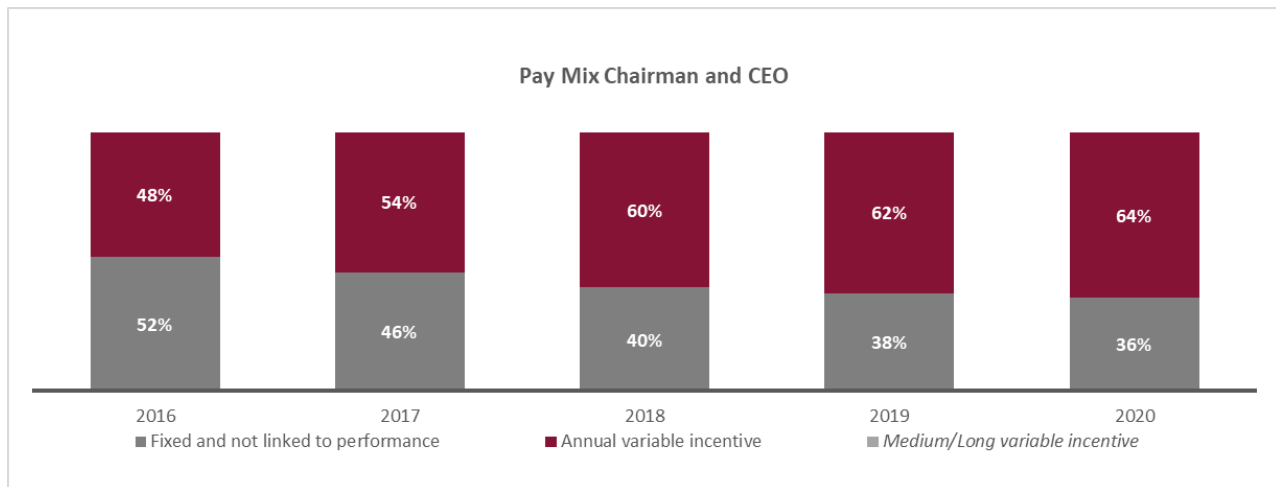

In particular, remuneration is determined on the basis of the following criteria:

- correct balance between the fixed component and the variable component in accordance with the Company's strategic goals and its risk management policy, also taking into account the industry in which it operates and the characteristics of the business it actually conducts;
- provision of maximum limits for the variable components, provided that the fixed component shall be sufficient to remunerate the performance of the Chairman and of the CEO if the variable component is not paid;
- The parameters, economic results and any other specific objectives to which the payment of the variable components is tied are predetermined, measurable and connected to the creation of shareholder value in a medium/long-term time span.

In detail, in line with the resolution approved in previous years, the variable component is set at 2% of the cash flow produced by the Group in the reference year and is defined according to a formula that enables a quick reference with the consolidated accounts figures, from which the fixed pay component should be deducted. The variable component, which is before taxes and can only have a value of zero or above, can be preliminarily calculated and paid out as payment on account when the Board of Directors approves the Group's half-year financial statements; when the Group's annual financial statements are approved by the Shareholders' Meeting, the variable component is definitively determined, and the relative balance is paid out. The fixed component is also confirmed consistently with previous years. The fixed component proposed for the Chairman and Chief Executive Officer is EUR 1.8 million per year before taxes, payable on a monthly basis.

The reference to operational cash flow generated by the Group has been identified as it is considered that this value, better than others, represents the link between annual performance (short-term) and the value of the company, and therefore appropriately aligns the results obtained by the CEO with the objective of creating value for all shareholders.

The following is the historical trend of the pay mix that is, the percentage weight of the various components of pay in relation to Annual Total Compensation (excluding benefits):

As the Chairman and CEO expresses the will of the Company's controlling shareholders and is a shareholder himself, there is an alignment of the interests of Executive Director(s) with the interest of all shareholders and stakeholders of the Company, consequently there is no need for an (additional) medium/long-term incentive plan.

Remuneration of Non-Executive Directors

The compensation of Non-Executive Directors is not tied to the Group's economic-financial results or based on short or medium-term incentive plans or based on the use of financial instruments.

Remuneration of Non-Executive Directors proposed for 2021 confirms the structure and the order of magnitude defined in the previous years.

The annual remuneration for Non-Executive Directors consists of:

- a fixed annual allowance of EUR 5,000.00 determined for all Directors (see letter A above);
- an attendance fee of EUR 1,000.00 for each Board meeting they attend (see letter A above);
- an annual fee of EUR 30,000.00 for each position held by the Non-Executive Directors as Chairman of each of the Committees (Audit Committee and Remuneration and Nomination Committee);
- an annual fee of EUR 20,000.00 for each position held by the Non-Executive Directors as a member of each of the aforementioned Committees.

Short-Term Incentive and Long-Term Incentive Schemes

In addition to the remuneration described above for Executive and Non-Executive Directors, Cementir Holding N.V. adopts, for the Managers within the Company, a compensation scheme to create value, for its Stakeholders, achieving ever-improving performance levels within the sustainable value creation structure that is the Company's true objective.

Short-term variable component - STI

The variable component is based on a Short-Term Incentive (STI) Plan. The system assesses the performance of the Company and of the beneficiary on an annual basis and directs the actions of the management towards strategic objectives in line with the Group's short-term business priorities.

In 2020, the short-term incentive system was based on the financial objectives of the Group and/or the branches (access system Gate). In addition, objectives with indicators linked to individual performance were defined. Each target (corporate and individual) is matched with a minimum performance, target performance and maximum performance level, correlated to the payout curve within the range 90%-120%.

In 2021, an online performance assessment system will be used which will also make it possible to manage the short-term incentive system.

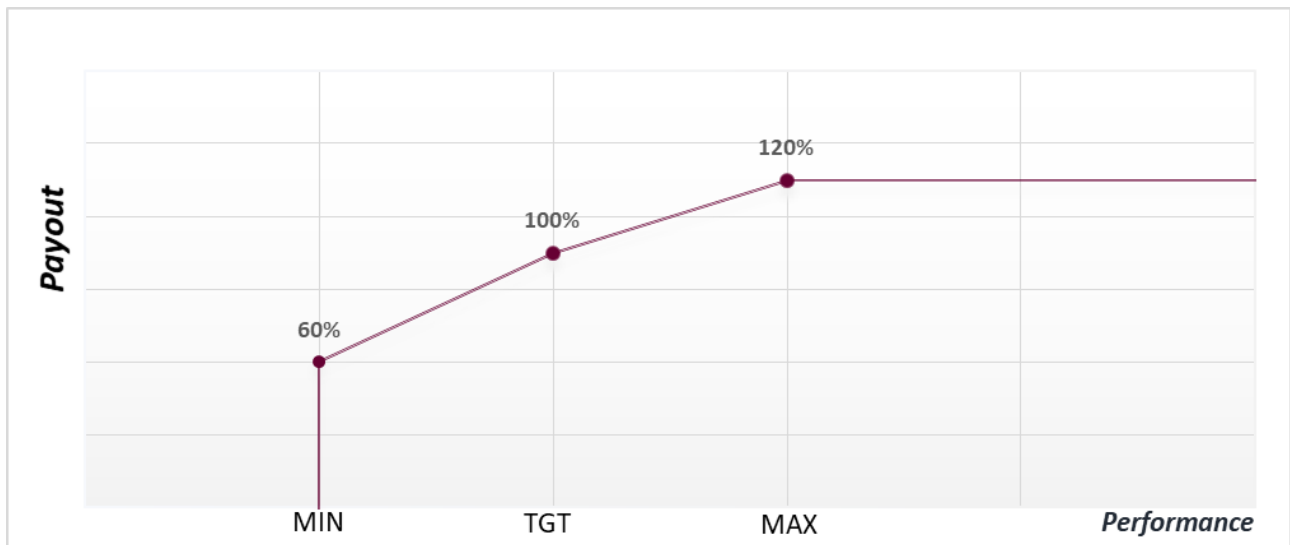

Therefore, the same will continue to be based on the Group's and/or subsidiaries' financial targets, which are the factor that enables access (Gate) to the system. Each target will be matched with a minimum performance, target performance and maximum performance level, correlated to the payout curve within the range 90%-120%. Other individual objectives must be defined based on indicators linked to company performance and/or to the individual performance specific to the role. The individual performance assessment total will be defined according to a rating scale ranging from 1- *Unsatisfactory* to 5- *Exceptional* and which will measure the "What" of the objectives, but also the "How" ensuring adherence to company values.

The combination of corporate and individual objectives will give right to a variable bonus payment.

For the purposes of incentivisation and the final bonus, overall performance, taking into account the entry gate and performance results, cannot be less than 60%.

The structure and weighting of the various objectives, which is standardised at the Group level, is shown in the following table:

30% Weighting	70% Weighting
<p>Group targets</p> <ul style="list-style-type: none"> • Economic-Financial Targets (Gate) <ul style="list-style-type: none"> ○ EBIT (20%) ○ NCF (10%) 	<p>Individual targets 80%</p> <ul style="list-style-type: none"> • Targets based on Operational Projects/Results and sustainability of earnings • Organisational Development and Growth Targets <p>Cementir Leadership Competencies Model 20%</p>

In order to encourage managers to pursue their annual budget targets, the short-term incentive plan is addressed to all managers within the Group with exactly the same scheme as described above being adopted. Target incentive levels expressed as percentages of fixed remuneration, depend on the responsibility and complexity of the role covered, whilst maintaining a single structure throughout the Group.

Medium/long-term incentives - LTI

The LTI plan is intended for Executive Managers with strategic responsibilities, and a selected group of managerial staff, chosen from those who have the greatest impact on the Group's medium/long-term results.

As the CEO is also a major shareholder, he does not participate in this plan.

The LTI plan consists of three-year cycles based on the medium/long-term performance of the Group in relation to the existing Business Plan, and it has the following aims:

- Incentivise the aforementioned Executive Managers to achieve the objectives set out in the Business Plan;
- To converge the interests of Executive Managers with those of shareholders to create sustainable medium/long-term value;
- To introduce a motivation and retention plan.

The LTI also provides for the annual award of the right to receive a monetary performance bonus measured over a three-year period, in line with the company's medium-term strategic planning (vesting period).

Bonus opportunities for beneficiaries differ, and amount to 30% or 40% of annual gross remuneration to be assigned on achieving the target; the incentive payable at the end of the vesting period is determined on the basis of the performance achieved and varies from 50% to 130% of the value of the bonus.

This incentive may rise to up to 52% (the “cap”) of gross annual remuneration upon achievement of levels of performance higher than the target levels.

Performances below the target will see a reduction in the bonus of up to 20% of gross annual salary, when a performance threshold is reached.

No bonus will be awarded if the results are below the threshold.

The award of the bonus depends on two performance conditions being met. These conditions operate separately, and each have a weighting of 50% in the calculation of the bonus:

- Three-year cumulative Free Cash Flow
- Three-year cumulative EBIT

The threshold, target and maximum amount are set in line with the Company’s medium-term business plan.

Clawback and malus clauses

A clawback clause applies to the LTI and STI. This allows the Board of Directors to ask the beneficiaries to return all or part of the bonuses paid if they find that the performance targets were achieved on the basis of inaccurate or false data.

During the 2020, no clawback is deemed required and consequently no clawback is been applied.

1.2.3 Criteria used in assessing performance targets underlying the award of shares, options, other financial instruments and variable pay components

The criteria used in assessing performance targets is based on the financial results of the Group. For more information, refer to the contents of paragraph 1.2.2 above.

1.2.4 Information designed to highlight the cohesion between the Remuneration Policy and the pursuit of the Company's long-term interests and risk management policy

As described above, the Remuneration Policy pursues the objective of creating sustainable value over the medium to long-term, for the Company and its shareholders.

Therefore the remuneration of Executive Directors and key executives is structured so as to:

- ensure that the overall retribution structure is balanced, with an adequate balance of the fixed and variable components, with the aim of creating sustainable value over the medium to long-term, for the Company;
- coordinate the variable remuneration with the reaching of operational and financial targets, in line with the creation of value over the medium to long-term and the actual results achieved by the Company;
- ensure that overall pay levels reflect the professional value of individuals and their contribution to creating sustainable value over the medium to long-term.

For Non-Executive Directors, please refer to paragraph 1.2.2.

1.2.5 Vesting period, deferred payment schemes, indication of deferment periods and criteria used to determine them, as well as ex-post adjustment mechanisms and information about clauses on the inclusion of financial instruments in the portfolio after acquisition, with details of the holding periods and criteria used to determine them

The Company has not adopted any Remuneration Plan based on shares or any other financial instruments nor does it award shares or other financial instruments as variable performance-based pay components. In addition, no clauses were determined for the retention in portfolio of financial instruments after their acquisition, meaning clauses that include the obligation of non-portability on a relevant portion of the shares awarded.

1.2.6 Policy on indemnities applied after termination of contract or resignation

In general, for all Directors, there shall be no (i) indemnities in case of resignation or revocation without just cause or non-renewal, (ii) agreements prescribing the allocation or continuation of non-monetary benefits in favour of persons who have relinquished their office and, (iii) consulting agreements with the Directors for a period following termination of their employment.

With regard to the above, it is consistent that on the one hand the Chairman and CEO is among the main shareholders of the Company, but on the other hand, it must be considered that the payment to be assigned to the other Directors takes the form of an attendance fee and a fixed annual remuneration of a modest entity to be assigned to each Director, thus limiting the risk of any claim related in any way to the termination of office as Director, and in any case the corresponding amount.

Directors that have a work collaboration with the Company or its Subsidiaries must attain in any case to current provisions related to Collective Labour Agreements for the termination of their work collaboration, in accordance with the legal procedures and requirements.

Where necessary, the Company may request the signature of a non-competition agreement by an outgoing Director, which includes the payment of an indemnity related to the terms and extension of such obligation.

The violation of this agreement will lead to a refusal to pay the indemnity or its return, as well as an obligation to refund the damage for a convened amount (i.e. the double of the accorded indemnity).

If employment with the Company is terminated for reasons other than just cause, efforts will be made to reach an arrangement for a consensual termination. Subject in any case to the obligations set out by law and/or by the employment agreement, the arrangements for the termination of employment with the Company are

modelled after the relevant reference benchmarks and within the limitations defined by jurisprudence and practice.

1.2.7 Information about the presence of insurance cover, welfare or pension provision

In keeping with best practices, provision has been made for a Directors & Officers (D&O) Liability insurance policy covering the third-party liability of the Board of Directors.

In case of employment relationship with the Company, pension or welfare provision are in line with the practices applied for Managers of the Company.

1.2.8 Information about the use of benchmark pay policies from other companies

The Remuneration Policy was devised by the Company without using as reference the policies of other companies.

The current Remuneration Policy is valid 1 (one) year and is therefore revised yearly by the Remuneration and Nomination Committee and by the Board of Directors and submitted to approval of the Shareholders' Meeting.
